

Urmila Mukherjee

I am Urmila Mukherjee, a Parent Governor.

I am grateful to St. Matthew's School for giving me this opportunity to serve the children and the God within.

I am from Kolkata, India and have been living in Ipswich for last 9 years.

I did my study in computer science honours. As co-curricular activities, I obtained a diploma in Indian classical dance and painting.

I love spending my time supporting high school students with their mathematics and science studies.
