Pupil Premium 2019-20

Primary schools are given a pupil premium for:

- Children in EYFS to Year 6 who are, or have ever been, entitled to free school meals based on their family income
- Children in care: £2,300 per pupil, per school year
- Children previously in care who have been adopted, or who have a special guardianship order: £2,300 per pupil, per school year
- Children from service families: £300 per pupil, per school year

Total number of pupils	419	Date of recent PP review	6.9.19	Date for next PP review	May 2020

Pupil Premium allocation

Free School Meals (FSM)	50 pupils	£96,690
Ever 6	22 pupils	190,090
Children previously in care	2 pupils	£4,600
Service families	2 pupils	£600
Total		£101,890

Schools, Headteachers and teachers will decide how to use the Pupil Premium allocation, as they are best placed to assess what additional provision should be made for individual pupils. DfE website

Barriers to educational achievement

- Irregular and late attendance
- Low self-esteem and aspiration
- Social and emotional difficulties
- Lack of opportunities due to low income
- Family and social turbulence

- High mobility
- Lack of parental engagement with school
- Limited vocabulary / weak speaking and listening skills
- Possible behavioural issues
- Possible lack of resources and equipment at home

The Senior Leadership Team have discussed at length how Pupil Premium funding can best be used to have maximum impact and benefit. We have developed a plan that supports our Pupil Premium children based on the things that may prevent them from achieving their full potential, stop them from acquiring the skills they need for life or inhibit their aspirations. In making provision for disadvantaged pupils, we recognise that not all pupils who receive free school meals will fall into this category. We also recognise that not all pupils who are disadvantaged are registered or qualify for free school meals.

A range of activities and interventions have and will be funded by the Pupil Premium, to support progress and attainment. Additional strategies and interventions are in place to support all vulnerable groups and individuals. Such interventions include school trip subsidy, enrichment opportunities, EAL TA and Speech and Language TA provision, provision of school uniform and equipment etc.

The success of this strategy may not be measured by judging national curriculum achievements, government data, facts and figures. Effectiveness is not necessarily based upon the number of children who meet the expected standard, it is more about whether we have supported children to be successful individuals with the same potential and opportunities open to them as all pupils within this school.
