- Thank you for all your support with learning at home.
 - The children should be reading at home as often as possible. They will make the most progress if they read at home and at school.
 - Playing on TT Rockstars at home is a great way for the children to improve their times tables, and they should be playing it each week. This is good preparation for the Multiplication Table Check which is carried out in the first week of June in line with government guidelines. During this check, pupils will be asked 25 random times tables questions up to 12x12.

Pupils will have some time to learn these at school but will also be expected to practise at home regularly too. They are statutory spellings from the National Curriculum.

You will be informed of the result and any words which your child needs to revise.

Many thanks for your support.
