Lead teacher: Miss Zych

Marine Projects

All the School Council Reps are very grateful for all the lids sent for our marine project. We are excited that the plastic lids will be used to create beautiful art instead of ending in the sea polluting the environment.

Well done to everyone who went to our local beaches and litter picked.

Special thanks to 5FB as they brought the most lids for us.

Today we designed our marine artwork and sorted all the lids. We cannot wait to share our finished creation! Hopefully it will be a reminder of how important it is to take our rubbish home when we visit the seaside.

Action: To finish the artwork next week. Miss Zych to arrange for Reps to meet up on Thursday pm.

Clean Air Day to mark the Earth Day in April 2024

We are excited to announce the second project for our Green Schools Award. We are holding a Clean Air Day in April and we will ask everyone abandon cars when travelling to school on that day. We would like everyone to either:

- walk
- cycle
- ride on a scooter

The School Council is borrowing a CO2 measuring device to show the impact of the transport on our environment. We will be measuring CO2 levels on busy days and then on our Clean Air Day and sharing our results. We are getting the Police involved so they will be patrolling the road to ensure the safe arrival of the children.

We managed to secure a visit from the local Environmental Company to deliver an assembly on the impact on CO2 on our environment. We all look forward to this.

The Reps would like to run a poster competition to advertise Clean Air Day. We voted for what prize we would like for the winners. We agreed that a visit to the recycling centre would be a great prize. So, we are asking all the children to get creative and produce their poster to encourage children to walk or cycle to school on our Clean Air Day. The poster MUST include the date of the event and this is our only requirement. We look forward to receiving your entries!

Action: Announce on Dojo (Miss Zych)

Next meeting: 14th Feb
