

## School Council Eco Council

### Agenda/Minutes

Date: 18.10

Classes Present:

BB LB 1W 1ED 2B 2R 3HW 3K  
4Q 4BW 5C 5FB 6S 6R

Lead teacher: Miss Zych

#### Lunches

Mrs Cullen asked us about feedback regarding new lunches.

This is what the School Council said:

*'It is good...maybe even better now. The quality is better.'*

*'The switch from sandwiches to pasta was very good'.*

*'Pasta is my favourite'.*

*'I like that the screen in the kitchen separating us from the cooks is down. We can talk to them.'*

*'I like jacket potatoes'.*

#### Environmental Review

We looked at the environmental issues that we encounter in school and our local environment.

These are the themes we are going to concentrate on this year:

- Sea pollution: Marine Art
- Recycling
- Transport: Clean Air Day

We all agreed that we like spending time at the beach in Felixstowe. Living near the coast is lovely! We see lots of pollution on the beaches though. We know it is harmful for the sea life and sea creatures. We would like to raise more awareness about that problem.

We would like to ask everyone to take a trip to the local beach and pick litter. The school has some litter pickers to lend if needed. The School Council would like to see the photos from your litter picking which can be added as our evidence for the application for the Green Flag Award. At school we will start collecting plastic lids of any sort so that we can recycle and use as our art medium. Please start bringing them in until the end of the autumn term.

**Action: Miss Zych to put out a Dojo about our litter picking initiative and lid collection and liaise with Mr Gates.**

#### Litter Picking on Thursday

Mr Todd kindly offer to run litter picking club for our Eco-Council again this year. We will start after half term on Thursday morning and we will focus on our school playground and pathways.

**Action: Teachers to remember to send children to the Office at 9.10 every Thursday, please.**
